MGMT 2210	Project Management	3	PMT 301	Principles of Project Management	5

A Senior Management Research Project (MGT 460/461) may be required to augment a course experience to provide a greater breadth and depth of managerial perspective since Life University's courses are at the 300 and 400 levels.

OTHER STUDENT PERFORMANCE CRITERIA:

Atlanta students must have maintained an overall GPA of 2.8 in courses qualifying for articulated credit in order for automatic transfer credit to occur. Every possible combination of courses cannot be anticipated. Special combinations not included above may qualify for credit if approved by Life University faculty.

In order to graduate from Life University, students must satisfactorily complete all courses with a minimum overall cumulative GPA of 2.0. Once declared a degree candidate by the Registrar's Office, students will be invited to sit for the Department of Business Exit Exam session most proximate to his/her graduation ceremony. Failure to sit for the Exit Exam will preclude the student from graduation until the exam is taken at the next bi-annual Exit Exam session. Under absolutely no circumstances will the Exit Exam be given on an individual basis, remotely, or outside the normally scheduled bi-annual Exit Exam sessions in Fall and Spring terms.

In order to graduate with a Bachelor of Science degree in Computer Information Management, the student must have earned at least forty-five (45) credit hours of Computer Information Management courses in the last year of residency.
